

IN THE DRAWINGS

A replacement sheet for FIG. 1 is attached in the Appendix following page 9 of this paper. FIG. 1 is amended to reflect the following changes:

- Replace the content in Box 16 with “The scan head moves along the first scanning direction to proceed with the first scanning procedure, which is also the preview procedure, and the first image is got.”
- Replace the content in Box 18 with “The scan head moves along the second scanning direction to proceed with the second scanning procedure.”
- Replace the content in Box 22 with “Setting the ~~second~~ third dpi in the user interface and selecting a scope, which the user wants to get in the first image.”
- Replace the content in Box 26 with “The third image is got from the second image by using ~~the image procedure~~ a program to adjust a graph image coordinate and a dpi scale according to the scope, which the user ~~select~~ selects on the first image, and the third dpi.”
